

MISSION STATEMENT: To promote commerce downtown.

Fullerton Downtown Business Association (FDBA) • 118 W. Commonwealth Avenue • Fullerton, CA 92832
(714) 871-9153 • allmedia@sbcglobal.net • www.fullertondba.com

Summer Coming on Strong

The economy shows signs of heating up, hopefully that is reflected in sales here in our downtown. If you have news regarding sales at your business please let us know. Should things continue to improve, perhaps we can entertain the idea of creating an event next year, some participation in Winterfest, or starting a new event in the summer - Summerfest anyone?

Special events bring new people here and create an atmosphere that attracts regular customers as well. Some advertising, entertainment, and participation from all of you would make it work. Thoughts, ideas? Remember, you can communicate via our FDBA Facebook page also.

New in Town

It's official, Domino's Pizza will take up residence where D Vine was going to be, there has been a change of plans and they are moving quickly now on the build out. No word yet on what will happen with the current Domino's location on the corner of Harbor and Commonwealth but we'll keep you posted.

Café 109 opening on Harbor "Soon". It has been a long time coming but a peek in the windows shows it is nearly ready.

The Woods California Bar and Grill at 120 West Wilshire, soft opening by the time you read this, at the former site of Envy - can't wait to check it out!

FDBA member Roland Foss has opened Mission Market at 130 East Chapman Avenue. More than just a typical convenience store, stop by and see why - welcome to Downtown!!

Amerige Building Completed?

Very close! For a small building, the amount of time and effort it has taken to get it restored is astonishing. Every detail required extra effort to insure this piece of Fullerton history stood the test of time, hopefully another 125 years or more. There was a lot of unexpected work to the roof structure, every window needed extensive repair, the paint prep and the painting itself, along with interior finish work, took many many hours of effort from devoted volunteers. Once everything is completed I will let you know, you really should go by and take a look, you will be amazed.

Inspiration

When a daughter of local developer Maynard Duncan contacted us to sponsor a banner thanking him for all he has done for Fullerton and his 7 children, I did not know how powerful an impact it would have. Here he is, first laying eyes on his Father's Day present. Thanks to Lisa and all who were involved, it is stories like this that make all of the effort to spread our positive message worthwhile.

Maynard's quote- "I couldn't imagine a nicer Father's Day gift!" Very nice write up about this in the current Fullerton Observer, too - and yes, you can STILL sponsor one yourself!

HUMOR

Alternate meanings for common words:
Flabbergasted - appalled over how much weight you have gained
Balderdash - a rapidly receding hairline
Lymph - to walk with a lisp

Titans

In Greek mythology, Titans were massive immortal beings of incredible strength and stamina. In college baseball they are perennial winners and bring great glory upon our City. I had the good fortune of witnessing their exiting brand of baseball in person this past weekend, and I ran into FDBA member Tom Elliott of Past Times Collectibles there. Tom brings us up to speed on this year's team. Another downtown victory parade may well be in the offing!

Our Hometown Heroes

The Cal State Fullerton Titan baseball team advanced to their 11th Super Regional in school history. In a Regional Field that included Columbia University, University of New Mexico and Arizona State University, our Titans were once again led by the dynamic freshman

pitching duo of Thomas Eshelman and Justin Garza. Both have posted 12 wins which sets a new CSUF freshman record for wins by a freshman. Also, in their Regional tournament Fullerton's All-American player, Michael Lorenzen, recorded his 19th save of the season which gave him a total of 35 for his college career and set the all-time record for the Titans!

As you read this, our Titans improved to 51 – 8 on the season and will face UCLA in the Super Regionals this weekend at Goodwin Field on campus. Check the newspaper or Internet for game time and ticket price information and come out to the 'ole ballpark and cheer on our "baseball heroes".

P.S. If the Titans are fortunate enough to win the best two of three Super Regional games versus UCLA, we would be one of eight teams nationally to advance to the College World Series in Omaha. Come on guys, let's get that 5th CWS National Championship!!!
